I love You
You numb my pain
When I get overloaded
Your voice is my Novocain
When I feel overloaded
I swim in my tears and scream Your name
So stressed I'm overloaded
I'll die without You
You keep me sane
I'm broke down
Overloaded

And I slave at work all day
Money can't buy what I wanted
Mama said boy you dream big
She don't know my dreams are haunted
Really don't think I'm gon' make it
Can't do this by myself
Feel like I'm dying
I need Your help

Life's got me overloaded
I'm living way too overloaded
My life's got me overloaded
I'm trippin' way too overloaded
I'm overloaded and I need you

Can't stay here
I won't survive
My mind's too overloaded
I know I could run
But where would I
I'm trapped here overloaded
So free when You love me but alone I'm enchained
So stressed out overloaded
You're the only thing that's keeping me sane
I'm broke down
Overloaded

And I slave at work all day
Money can't buy what I wanted
Mama said boy you dream big

She don't know my dreams are haunted
Really don't think I'm gon' make it
Can't do this by myself
Feel like I'm dying
I need Your help

Life's got me overloaded
I'm living way too overloaded
My life's got me overloaded
I'm trippin' way too overloaded
I'm overloaded and I need you

I love you
You numb my pain
When I get overloaded
Your voice is my Novocain
When I feel overloaded
