I wanna give back somthing  
For all you've given me  
Your love is such a Blessing  
I just can't belive  
How everything is changing  
You've set my life's emotions  
I want you to somehow see the depth of my devotions

Chorus

I dedicate this heart to you  
For now and for my whole life through  
I dedicate this heart to loving You  
Lord from the deepest part of me  
Im gonna make this clear you see  
I dedicate this heart to loving you  
I dedicate this heart to you  
I wanna live to serve you  
Love you as you love me  
I wanna let your light burn  
Always shining faithfully  
I hope to make it obvious  
No way to forget it  
Let every day be evindence  
Im totally committed

CHORUS

Bridge-

I give you my life completely  
Ill answer the way you lead me  
Ill trust you rain or shine  
Until the end of time  
I dedicate this heart to you  
For now and for my whole life though  
I dedicate this heart to loving you
