"I'll Be Waiting"

I'm not wishing for a white christmas
I just want to spend it with you
On coffee or diner will do
I just want to spend it with you

Take a walk on crowded streets
Counting numbers, presents for me
Children carol by the wide blue fountain
How I wish that you're here with me

I'll be waiting until forever
Keep on singing until you're here
Last december can you still remember?
You promised me

Candles burning as the church bells ringing
Cold whispers of angels I hear
On a letters of smiles and tears
How I wish that you're here with me
