Dusk brings a last breath  
The last beat from a dying  
Heart of a once great  
Pharaoh destined for the  
Journey, A last quest  
A last hope to pass through  
Dark lands, an underworld  
In the search for immortality

Hathor Guides This solar ride

That will lead us through a river in the sky  
12 hours it shall be to reach the other side

The twelve gates now await

Look to the book of spells  
To lead you through this hell  
With the book of gates  
The other side awaits

Ra lead me on this voyage and take my hand  
I watch the river run dry and turn to sand  
Darkness surrounds us now here no wind blows  
We pass into the realm where only the dead shall go

Great serpents guard the gates here at every turn  
One battle just one loss here the soul will not return  
This victory is our now the gate is passed  
Six hours quickly fade now the time will not last

The cave of the last task  
A last test of sokar  
Prevail we will  
The twisted path becomes clear  
Penitence will show  
Regret for the wrongs  
A weighing of the heart  
Reveals the Soul will not be torn apart

Robed in White

The sun will rise and I will be reborn
