You're as steady as the falling rain.  
You're the antidote to all the pain.  
Like an angel answering my prayer.  
Like a flower in the summer air.  
There's a meaning I, tried hard to escape.  
But this time I can't turn away.

You're the one to, die for.  
When I'm with you, I just wanna give more.  
The one to, die for, my love will never end.  
You make me wanna live again.

You're the rising of the morning sun.  
You're the constance in a world undone.  
You're the honesty in my surprise.  
You're the strength I thought I'd lost inside.  
And to your defence, I'm happy to rise.  
My honour waits by your side.

You're the one to, die for.  
When I'm with you, I just wanna give more.  
The one to, die for and my love will never end.  
You make me wanna live again

(One to, die for)  
When I'm with you, I just wanna give more.  
The one to, die for and my love will never end.  
You make me wanna live again.  
You make me wanna live again.

You make me wanna live, again.  
(One to, die for)  
When I'm with you, I just wanna give more.  
The one to, die for and my love will never end.  
You make me wanna live, again.  
(The One to, die for)  
(I just wanna give more)  
(One to, die for)

You're the one to, die for.  
When I'm with you, I just wanna give more.  
The one to, die for, my love will never end

You make me wanna live, again.

The one to, die for,  
And my love will never end, never end, never end,...

(You make me wanna live again)
