There's a change of heart
And you're in a race
And you don't know
Where it ends

In another world
Where you're upside down
Trying to make amends

Whoa, I don't believe
What I see and I hear
Whoa, I can't explain
What is here but it's here
Whoa, oh

When the rain comes down
When the rain comes down
Time to start
With a different face

I gotta get out of here
I'll take my chance
In a different place
Now my mind is clear

Whoa, I don't believe
What I see and I hear
Whoa, I can't explain
What is here but it's here
Whoa, oh

When the rain comes down
When the rain comes down
When the rain comes
Down, down, down

When the rain comes down
When the rain comes down
When the rain comes
When the rain comes
Down, down, down

Whoa, I don't believe
What I see and I hear
Whoa, I can't explain
What is here but it's here
Whoa, oh

When the rain comes down
When the rain comes down
When the rain comes down
When the rain comes
Down, down, down

When the rain comes down
When the rain comes
When the rain comes

When the rain comes down
When the rain comes
When the rain comes

When the rain comes down
When the rain comes
Down, down, down
