Rows and flows of angel hair  
ice cream castles in the air  
feather canyons everywhere  
I've looked at clouds that way

But now they only block the sun  
They rain they snow on everyone  
So many things I would have done  
But clouds got in my way

I've looked at clouds  
From both sides now  
From up and down, and still somehow  
It's cloud's illusions I recall  
I really don't know clouds at all

Moons and Junes and Ferris wheels  
The dizzy dancin' way you feel  
As every fairy tale comes real  
I've looked at love that way

But now it's just another show  
leave 'em laughing when you go  
And if you care, don't let them know  
Don't give yourself away

I've looked at love  
From both sides now  
From give and take, and still somehow  
It's love's illusions I recall  
I really don't know love at all

Tears and fears and feeling proud  
Say "I love you" right out loud  
Dreams and schemes and circus crowds  
I've looked at life that way

But now old friends  
Are acting strange  
They shake their heads  
And say I've changed

something's lost  
When something's gained  
In living every day

I've looked at life from both sides now  
From win and lose and still somehow  
It's life's illusions I recall  
I really don't know life at all
