She came down to heal me
I watched her descending
Upon her face she wore
A beauty that broke me

I was afraid to love her
But I just had to tell her

Chorus

Wait for me
I'll come to you
I'll be the first to promise

V2

She stepped off the railway
I knew she'd be crying
Our bodies remembered
The moments of wanting

She had me running over
But I just had to tell her

Chorus

Wait for me
I'll come to you
I'll be the first to promise
I'll be here
Calling to you
You know the wounds won't heal us

Bridge

There was a longing in my bones
Couldn't help but feel it
There was a weight she lifted from my eyes
Now there's a hope
We're tied into one another
Nothing is gonna tear us down

Chorus

I'll be the first to promise
You know the wounds won't heal us

I'll be here
Calling to you
You know the wounds won't heal us
I'll be the first to promise you
