I was sleeping and right in the middle of a good dream
Like all at once I wake up from something that keeps
knocking at my brain
Before I go insane I hold my pillow to my head
And spring up in my bed screaming out the words I
dread
I think I love you (I think I love you)

This morning I woke up with this feeling
I didn't know how to deal with and so I just decided to
myself
I'd hide it to myself and never talk about it
And did not go and shout it when you walked into the
room
I think I love you (I think I love you)

I think I love you so what am I so afraid of
I'm afraid that I'm not sure of a love there is no cure for

I think I love you isn't that what life is made of
Though it worries me to say that I never felt this way

I don't know what I'm up against
I don't know what it's all about
I got so much to think about

Hey, I think I love you so what am I so afraid of
I'm afraid that I'm not sure of a love there is no cure for

I think I love you isn't that what life is made of
Though it worries me to say I never felt this way

Believe me you really don't have to worry
I only wanna make you happy and if you say "hey go
away" I will
But I think better still I'd better stay around and love
you
Do you think I have a case let me ask you to your face
Do you think you love me?

I think I love you

I think I love you
I think I love you
I think I love you
I think I love you
I think I love you
I think I love you
I think I love you
