Things are crazy these days
Time's slippin' away
I've got the world ahead of me
I don't wanna miss a thing

'Cuz there's so much to do
And I'm gonna get through
Now I'm ready, yeah I'm ready
Ready to take it on

I'm ready for you
Are you ready for me
I'm invincible, and I can do anything
I'm ready to go
Are you ready to see
Don't you know that
It's impossible to stop me

I hope you agree, life impossibly
Sometimes you gotta do
What you gotta do

Anytime that you fall
Just give me a call
And I'll be ready, yeah I'm ready
Ready to take it on

I'll be there whenever you need me

I'm ready for you
Are you ready for me
I'm invincible, and I can do anything
I'm ready to go
Are you ready to see
Don't you know that
It's impossible to stop me

I'll never let you down
I'm always ready

I can, I am, everything that

I need to be
I am, I can, nothing gonna stop me
I can, I am, everything that
I need to be
I am, I can, nothing's gonna
Nothing's gonna stop me

I'm ready for you
Are you ready for me
I'm invincible, and I can do anything
I'm ready to go
Are you ready to see
Don't you know that
It's impossible to stop me

I'm ready for you
Are you ready for me
I'm invincible, and I can do anything
I'm ready to go
Are you ready to see
Don't you know that
It's impossible to stop me

I am, I can, I'm ready for you
I can, I am, are you ready for me
I am, I can, I'm ready for you
I'm invincible and I'm ready
