Now, the snow has disappeared
The clouds have lifted spring is here
The time has come for lover's play
So why you'd go away?

Tears have fallen down like rain
My heart is crying out in pain
My nights are filled with memories of how it used to be

Time probably will heal
And now I must conceal this agony I feel
In time I probably will find some joy
Piece of mind that will destroy the sadness that I feel

Sad
I don't wanna feel so sad
Alone in loneliness
Nothing but emptiness

Sad
I don't wanna feel so sad
Sad is the only the thing I feel
Nothing else is real when I'm sad
I don't want to feel so sad

Now, I find my life is out of rhyme
I feel I'm standing still in time
It seems like only yesterday you said you'd stay

Time probably will heal
And now I must conceal this agony I feel
In time I probably will find some joy
Some piece of mind that will destroy the sadness that I feel

Sad
I don't wanna feel so sad
Alone in loneliness
Nothing but emptiness

Sad

I don't wanna feel so sad
Sad is the only the thing I feel
Nothing else is real
When I'm sad

Sad
I don't wanna feel so sad
Alone in loneliness
Nothing but emptiness
