If I am dreaming you've got your arms around me  
Wake me when it's over, wake me when it's over, not  
before  
And if I'm dreaming that love at last has found me  
Let me go on dreaming

Wake me when it's over  
And then let me go to sleep, mm, again

It's hard to believe, my dear, that you're here at all  
Incredible, I pinch myself, you don't disappear at all  
So, if I'm hearing you tell some small-town justice  
You will not forsake me, takin' vows to make me yours  
ever more  
Then darling, wake me when it's over, and not before

Ooh, wake me when it's over  
Wake me when it's over and then back to sleep again

It's hard to believe, my dear, that you're here at all  
Incredible, you don't disappear at all  
So, tell that small-town justice you'll take me  
Tell me you'll make me yours ever more  
Then darling, wake me when it's over, not before
