Its like you're standing on my chest
Looking down, Looking down
Its like you're standing on my chest
Looking down, Looking down

With your eyes at me, at me
I am drowning in those eyes, I am drowning in those
eyes
I am drowning in those eyes

I can't breathe, all you are,
I can't breathe, with you on top of me,

Its like you are standing on my chest
Looking down, Looking down
With your eyes at me, at me

I am drowning in those eyes, I am drowning in those
eyes
I am drowning in those eyes
I am drowning in those eyes, I am drowning in those
eyes
I am drowning in those eyes
