I'll bet you can't believe it
Yeah it's been so long
You're asking me how my life's been
You're asking me what went wrong
And now you're standing here before me
And I don't know what to say
In all your unforgiven glory
You're looking just the same

Life goes on and on and on
Even without you
Life goes on and on and on
I forgot all about you
And the way we used to be
And how you let it fall on me
Life goes on and on and on and on
On and on and on
Even without you

You know I don't like sequels
Never quite as good
You're trying to sell that same old story
But everybody's read that book
And now you're standing here before me

And I don't know what to say
In all your unforgiven glory
Some things never change

Life goes on and on and on
Even without you
Life goes on and on and on
I forgot all about you
And the way we used to be
And how you let it fall on me
Life goes on and on and on and on
On and on and on
Even without you

Yeah life goes on and on and on
Even without you
Life goes on and on and on

Got me thinking about you
And the way we used to be
And how you never said you're sorry
Life goes on and on and on and on and on and on
And on and on and on and on and on
Even without you
