Elite forces cloaked in fur un sensitive to pain,  
Buried deep beneath a sect worshipping the one  
Odin  
Only knowing one true way in battle to obtain,  
Anything, everything in an uncontested way  
Crushing

Fires set in the dark blazing on through the night  
berserker  
Rage from deep in the heart undying will for the fight  
berserker  
Hazeled fields lay precise, a challenge met with great  
strike berserker  
Feel the double edged blade meet the soul that it takes

Burn the village to a smoldering ash  
Rape and torture leave them in the past  
Strike quick and kill the fast

Invasion, pillage, plunder the battle field  
Feeling for life no more  
My lust for death is pure  
Numb to the pain I endure

Invasion, pillage, plunder the battle field

Elite forces cloaked in fur un sensitive to pain,  
Buried deep beneath a sect worshipping the one  
Odin  
Only knowing one true way in battle to obtain,  
Anything, everything in an uncontested way  
Crushing

Don't even try as I am in your path  
Call me god with your last breath  
Feel the berserker's wrath

Invasion, pillage, plunder the battle field

Taking apart of the helm  
All of the peace has fell  
Now I control this realm

Invasion, pillage, plunder the battle field
