Morning rise hear the crow this the last all things shall
know
Asgard will fall reduced to ash cities crumble none
shall pass
Trembling earth starts the trend now the final days end
Ragnarok we will see ragnarok this will be

Touch of ice, begin to show
Unyielding cold, winters breath
As harsh as three but only one destroys the rest
Gods awake, the time has come
All to war, all the same
Destiny no escape none to blame

Break the bonds loki's rise lead the march the gods
demise
Ships set sail meant to be of dead men's nails upon the
sea
Undead shall hear legions deep the masters call they
will meet
Ragnarok we will see ragnarok this will be

Touch of ice, begin to show
Unyielding cold, winters breath
As harsh as three but only one destroys the rest
Gods awake, the time has come
All to war, all the same
Destiny no escape none to blame
Surt no longer waits alone deep beneath his fiery home
Fell the fire searing heat
Burn the world
Underneath the ocean depths rising up with the rest
Spew the serpents poison over
Land and sea
Heimdall guardian and watcher of the bi frost
Shreds of hope are all but lost
Hear the great horn blow
Gods take up your weapons ride unto the heavens
Now the once blue sky
Shall burn in flames

Watch the earth sink beneath untimely death under the

sea
No wind shall blow no water runs just to feel the
blackened sun
All that's left nothing, nothing is everything
Ragnarok we will see ragnarok this will be

Touch of ice, begin to show
Unyielding cold, winters breath
As harsh as three but only one destroys the rest
Gods awake, the time has come
All to war, all the same
Destiny no escape none to blame
