I write these words on a page, 'cuz my heart is
bleeding
It's not enough, not enough for you
I sing these words to your ear, 'cuz my heart is
screaming
It's not enough, not enough for you

Say something that makes me smile
Something that is worthwhile
Something that keeps me hangin' on

And all you are, are to me
The saddest song I will ever sing
And all you are, are to me
The saddest song, the saddest thing

Taking my faults, all my wrongs and I said I'm sorry
It's not enough, not enough for you
I throw away everything and it doesn't matter
I've had enough, had enough of you

Say something that makes me feel
That world I thought was real
Something that keeps me hangin' on

And all you are, are to me
The saddest song I will ever sing
And all you are, are to me
The saddest song, the saddest thing

And all you are, are to me
The saddest song, the saddest thing

And all you are, are to me
The saddest song I will ever sing
And all you are, are to me
The saddest song, the saddest thing
