Frost on the windows
Snow on the ground
Children outside laughing
Cause they all know whose coming to town

Every house on the street
Is covered in lights
The echo of voices
Singing "Oh Holy Night"

(Chorus)
It all started with a child
And a star up in the sky
A major and a prayer
Three wise men standing there
The beginning of a life
That will forever shine
A gift to all man kind
It started with a child

Ohhhhh

A snowman in the garden
An angel on the tree
The sound of destin sleigh bells
The kids can't fall asleep

People come together
Praying for peace on earth
Thank heaven for the blessings
Of every boy and every girl

(Repeat Chorus x1)

It all started with a child

Ohhhhh

It all started with a child

Ohhhhh

It all started with a child

A child

It all started with a child
