Rollin' down the highway,
I got a feeling when the clock strikes nine
We're gonna have ourselves, yeah, a real good time.
We're feeling more excitement,
I got my tickets in my hand
We're gonna keep on rockin' to the beat of the band
So play it for me.....yeah!!!

The show is just beginning,
And the lights have all gone down
The curtain's ready to rise, the spots are bright in our
eyes
They brought down the whole house,
And they walked out on the stage
They're coming on with a song, that's so hot and so
loud!
So play it for me.....yeah!!!

Chorus:
Rock & Rollers, we're gonna see ya tonite
Rock & Rollers, we're gonna be there tonite

Can't help but movee, yeah.
Stop my feet to that rock and roll beat
The band is hot, come on, yeah, we like it alot
So play it for me.....yeah!!!!
