Forty, has got you turning green.  
You talk too loud, and you run around all night.  
You tell lies, but your eyes don't show it.  
I've had enough, and I think you know it.  
You better change your ways,  
Or I'll change my mind.

Chorus:

'Cause don't you know you could lose,  
Yes I said you could lose me.  
You could lose, yes I said you could lose me.

Lately, you dress to cause a scene,  
In a fashion race, with a passive look on your face.  
You shade you hips, 'cause you like to show.  
A little smile, just to let them know it.  
You better listen close, to what I have to say.

Chorus:

'Cause don't you know you could lose,  
Yes I said you could lose me.  
You could lose, yes I said you could lose me.

Well I think I told you,  
That I want to hold you.  
But I can't afford to, let you walk away.  
'Cause my heart is achin',  
I can feel it breakin',  
From the love you're takin'.  
I'm not used to feeling like I do.  
Anyway, every day after day,  
Though you said you would stay,  
Can't you see what you're doin' to me?

Solo

Don't you know you could lose,  
Yes I said you could lose me.  
You could lose, don't you know you could lose me.  
Yes I said, you could lose, don't you know you could lose me.  
You could lose, don't you know you could lose me.

Yes I said, you could lose, don't you know you could  
lose me.

You could lose, don't you know you could lose me.
