Soulless is where I walk
I did my best to send you off
And the rest is the afterlife
Please rest in peace and light

Chorus:
Oh and I...I want you back
And I...I want you back
All these years...I wish them back
All these tears...I hold them back

Oh, silence, it's all I know
It's my defense from this empty hole
But it's no less, that I'm aware
It's my fortress from this cold despair

Repeat Chorus (2x)

Hold them back
I...I...I

So this is where I walk
I did my best to send you off
And the rest is the afterlife
Please rest in peace and light
