#### PATHETIC HUMANITY

A pig tied down and burned with a blowtorch THIS IS  
VIVISECTION

Chemicals dropped in rabbits eyes THIS IS VIVISECTION

A baboon is used for organ transplants THIS IS  
VIVISECTION

In naive hopes to synthesize THIS IS VIVISECTION

Mice suffocated by carbon monoxide THIS IS  
VIVISECTION

A dog is in agony with every breath THIS IS  
VIVISECTION

Dying from the final stages of cancer THIS IS  
VIVISECTION

From being forced to inhale cigarettes THIS IS  
VIVISECTION

All experiments are done without an anesthetic  
Sometimes humanity can be so damn pathetic  
The capital is funded big business can't resist  
These mutilations are performed by so-called  
"scientists"

They always claim it's done to benefit humankind  
But what usefulness could come for such disgusting  
crimes

The only advancements made are in profit not in health  
And when we allow these actions we participate  
ourselves

A dog's liver is destroyed by alcohol THIS IS  
VIVISECTION

A cat's head is implanted with electrodes THIS IS  
VIVISECTION

A donkey is exposed to massive radiation THIS IS  
VIVISECTION

Spitting up blood as it's skin erodes THIS IS  
VIVISECTION

And elephant is restrained and electrocuted THIS IS  
VIVISECTION

Disease is injected into a rat THIS IS VIVISECTION

A monkey's eyes are stitched together THIS IS  
VIVISECTION

To see if it can function like a bat THIS IS VIVISECTION  
All experiments are done without an anesthetic

Sometimes humanity can be so damn pathetic  
The capital is funded big business can't resist  
These mutilations are performed by so-called  
"scientists"  
They always claim it's done to benefit humankind  
But what usefulness could come for such disgusting  
crimes  
The only advancements made are in profit not in health  
And when we allow these actions we participate  
ourselves
