You're asking for what I can't give
You're looking for much more than this
Don't make me do what I can't do
I'm better off losing you

It makes no sense the circumstance
The things can change so try again

Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession
Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession

I'm nervous boy you make me sweat
I can't believe the things you say
You're going in far too deep
This kind of love I just can't keep

It makes no sense the circumstance

The things can change so try again

Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession
Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession

It's too intense the circumstance
It's not the place, it's not the time

Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession
Anytime but now, any day but today
I'm finding my way out, anyway but your way
It's time to give it up, baby this is my confession
