I look at you  
You look at me  
You turn away like you don't even care  
I look at you  
You look at me  
I wish you wouldn't be so unfair

Why don't you love me anymore  
What did I do wrong  
Why don't you need me like before  
Trying to be strong  
Why do you leave me in this mess  
Cleaning it up

You always leave me loveless (Loveless)

Listen to me  
I still love you  
Don't turn your back on me  
Listen to me  
I still love you  
I only wish that you could see

Chorus

So just tell me  
Do you love me anymore  
Cos I don't want you to go

Chorus
