You can't imagine how I'm feeling right now
I'm burning up inside
My heart keeps beating faster
Let me take you on this ride

And it's feeling so good
And it's feeling so fine
Everything's going right
And nothing's out of sight

I'm on fire
The flames keep taking me higher
I'm on fire
Nothing can stop me
And nothing will cos I'm on fire

I've never felt this way before

To hot, can't stop (Too hot, can't stop)
Don't bother tryinna get in my way
I'm making my way to the top

And it's feeling so good
And it's feeling so fine
Everything's going right
And nothing's out of sight

Chorus

Oh, I'm feeling so good
Oh, I'm feeling so fine
And I'm feeling alive
Yeah, I'm feeling alive

Chorus
