

Angel Chix "The Rules"

Visit "[The Rules](#)" on MotoLyrics.com

The day we broke up
I tried to tell you
There is a list you must follow
But as I tried to
Get it through you
You were so thick, never listened to a word I said
Don't you know the rules

One, stop calling me
Two, don't send me gifts
Three, don't say you're sorry
These are the rules when it's over
Four, don't talk bout me
Five, no jealousy
Six, don't come around

These are the rules when it's over

And don't you know that the games that you played
Are what led me to be this way
And every time I hear your name
It's always the same, it won't change
Don't you know the rules

Chorus

All the times you said you loved me
It was always a lie
How could you do this to me

Chorus
