That's not like me  
I have lost my gentle smile in the night

Oh far and shining guardian Star  
Reaching out to help and comfort me  
Saying Never Mind

The colors of your dreams  
Are too beautiful for me to conceive

I'm unsure, and yet somehow  
They excited me, I wanted to believe

Like a puzzle to explain the scene  
Your sweet words the pieces to fit in

I pretend that everything's O.K.  
Living, for each moment day by day  
Falling down

What is different than it seems  
Please tell me the truth  
The feeling in his eyes

Do you want me as your love or not?

Is it chance, or by fate?  
Is there no way I can change your mind

Look so strong, then so weak  
Which one of you is the man I meet?

You lie to cover up the pain  
Of loneliness that I want to fulfill

Trying my best  
To make our love endure  
But I'm so dizzy and without a cure

Come back to me...  
Once more Angel Heart

Shine your light of love, here on me  
Hey, give me my lite again

Um... Stop this endless pain  
And tell me the truth  
Like a blind man with a cane  
In the dark...

Am I crazy to hate you?  
So tell me the truth  
Are we gonna make it through  
Open up your feelings let me know
