I am James Kennedy,
do you believe that I am just a harmless man?
I must warn you, you may be shocked at what you are
about to hear.
Did you know that the Bible is just a cover for the real
agenda?
I need your money.
I am teaching perversity that's endangering the very
lives of our children.
I am targeting America's youth, the younger a child can
be introduced to me and the Bible, the better.
The incredible tragedy of the Bible is that it's the final
tool with which to dismantle all gay and lesbian groups.
I don't want you to know that if you, or someone you
know is caught in the web of Jesus Christ, there is hope
through the truth.
That's why I'm absolutely committed to continuing to
tell you myths and misinformation.
I'm just a hypocritical, fascist Christian, yes I am.
Totally brainwashed by the Bible, I admit it all.
