Who are the biggest recipients of the institution of  
public assistance  
Who's bled the taxpayers of countless funds since our  
welfare system's existence  
What group has always been the biggest freeloading  
welfare whore  
Our leaders claim single mothers, minorities,  
immigrants and the poor  
So they've cut the funding to all of these groups while  
real recipients hide  
Telling the public that by their actions they've  
eliminated the free ride  
They're going to have to work or starve there's no way  
left to cheat  
No chance of generous government handouts except  
for the corporate elite  
What is given to single mothers didn't compare  
With the amount of money given for corporate welfare  
When the option is companies or people who are we  
going to feed  
Cut the corporate welfare, no more suffering for their  
greed  
What they've tried to keep a secret and what we need  
to understand  
Is that the welfare system wasn't meant to lend a  
helping hand  
It's just another government safety net to help the rich  
succeed  
Prioritizing aid on a scale of power instead of actual  
financial need  
Are they so concerned with our welfare as they're  
taking children off it  
To give money to corporations so the helping hand can  
share the profit  
While people are cited as statistical scapegoats in an  
effort to confuse  
Everyone of us has paid the price for the welfare  
corporations use  
What was given to minorities  
With the amount of money given for corporate welfare  
When the option is companies or people-who are we  
going to feed?

Cut the corporate welfare, no more suffering for their  
greed  
Are we as a people as naive that we believed their  
helping hand sincere  
Devouring our social programs they've made their  
intentions crystal clear  
Our survival doesn't compare with the need for  
corporate dominance  
Stealing food from the mouths of people, with an  
inflated sense of self-importance  
The trusting, obedient taxpayers are being fucked by  
their politicians  
Paying for the privilege of being robbed by a system  
that never listens  
If they're genuinely trying to relieve the burden with all  
the cuts they've made  
Then why didn't their cuts include the funds provided  
for corporate aid  
What was given to immigrants didn't compare  
With the amount of money given for corporate welfare  
When the option is companies or people-who are we  
going to feed?  
Cut the corporate welfare, no more suffering for their  
greed
