Life betrayal - a warping rage  
Evil ripping caverns through your mind  
Immolation - in blood you've signed your soul away  
Sickening life ends but the horror has just begun

Vultures moaning a funeral dirge  
Walls await to cradle you and rip your soul apart  
Incessant screams echoes through the maze  
Insanity approaches - imminent demise

Maze of torment...  
Maze of torment...  
Maze of torment...  
Maze of death

Stricken from the holy book deliverance to pain  
Effigy of Jesus Christ burning in your mind  
Voices cry out to bid you welcome  
Locked within the dungeons of darkness - no escape!!  
Maze of torment...  
Maze of torment...  
Maze of torment...  
Maze of death

Passing through corridors embedded with  
Scars of those who have gone before you  
And left their marks

Warning comes to late to save you now  
Visions of suffering stab from the inside

You pray for death  
Mourning does no good as you can only die once

Souls are being raped by the maze  
Lost in these halls... endlessly

Maze of torment...  
Maze of torment...  
Maze of torment...  
Maze of death
