Into your eyes I'm diving

Into your eyes I'm gliding

(Into your eyes I'm diving)

Whenever I feel

I remind myself that you're around

I never have to fear

'Cause I know that you will stay right here

You're always making me smile

Let's close our eyes and just dream for a while

Please take me into your arms

Together we'll fly to the stars

Chorus:

Into your eyes I'm diving

Over the skies we'll fly away

Into your eyes I'm gliding

You take my breath away

You give me so much love

And I wanna hold you tight

My angel from above

You're light into my darkest night

Thank you for being around

And holding me up when I fall to the ground

You are the light in my heart

I know we will never part

Into your eyes I'm diving

(Into your eyes I'm diving)

Into your eyes I'm gliding

(I'm gliding)

Chorus
