There'll be no tomorrow if the final curtain falls,
As a volcano erupts everything crushes to the ground,
No one can hope, unsafeness panic blocks their roads
And their paths,
Apocalypse is happening and nobody stands a chance

It's falling, it's falling
The final bell is tolling
The world is at it's end
To wait for Atlantis to rise
Atlantis to rise, Atlantis to rise

An empire underwater to rise up from it's ocean grave,
Through all this planet, witness kings who'll
Overpower any god
And we can't stop this power as it will invalid men's
Creations,
The perfect race, the perfect world to rise from the
Oceans depths

It's falling, it's falling
The final bell is tolling
The world is at it's end
To wait for Atlantis to rise
Atlantis to rise, Atlantis to rise

There'll be no tomorrow
If the land slices from the sea
As an earthquake begins
Nothing and no one will survive

Everything will be destroyed
Nothing will be left to the fire
As evolution begin to gain
Earth will turn to fire

It's falling, it's falling
The final bell is tolling
The world is at it's end
To wait for Atlantis to rise, Atlantis to rise
