I was feeling the strain of 20 years  
I was saying well this is all there is  
I was seeing my blood it dripped like tears  
I was counting the cost of all my fears  
So you wanted to be like me to be seen  
So you wanted to rise from your darkest dream  
So you wanted to be the things that I've been

Well let me tell you something  
It's not what it seems  
Let me give you advice  
Hang onto your dreams

I was down but not yet out you see  
I was riding the road to victory  
I was sailing the stars of secrecy  
And I was wearing the mask on honesty

Don't you know you can stop and start it again  
If you thought about time then it would be your friend  
Don't you know that the sword is the same as the pen

And in your world of trouble  
Where nothing goes right  
I can give you advice  
If you won't think once  
Then baby think twice

So you see where I stand and where I fall  
So you see what I've got and that's for all  
So you see this big man ain't so tall  
You have to keep your feet down on the floor  
Do you still want to be like me to be seen  
Do you still want to rise from your darkest dream  
Do you still want to be the things I've been

Well let me tell you something  
It's not what it seems  
Let me give you advice  
Hang onto your dreams  
Hang onto your dreams

Hang onto your dream
