Ohh, Ohh, Ohhh, Ohhh

You run away
I wouldn't take back every day that we spent
But that one night you did me wrong
Led me on, same old song

All my girls say, "Make him pay, kick him out, let him stay"
I'm so confused and misused
I feel abused, so abused

And I'm not talking about woulda, shoulda, could I
And I'm not talking about the things I should've did
And I'm not talking about woulda, shoulda, could I
And I'm not talking about the things I should've did

Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

Make me believe that I'm not just some lil' trip
Make me believe that you're not just fool of lip
Make believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

You wonder why this girl won't answer
When you call and romance her
You're so amazed that I don't pay you attention these days

All my girls say "He's just there for the ride, he don't care."
So come on, one on one
Here's your chance
Prove them wrong

And I'm not talking about woulda, shoulda, could I
And I'm not talking about the things I should've did
And I'm not talking about woulda, shoulda, could I
And I'm not talking about the things I should've did

Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

Make me believe that I'm not just some lil' trip
Make me believe that you're not just fool of lip
Make believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

Why you want me over, another Casanova
Now I'm gonna show ya while I'm messin' with your
head
Why you want me over, another Casanova
Now I'm gonna show ya while I'm messin' with your
head

Messin' with your head
Messin' with your head
Messin' with your head

Make me believe that I'm not just some lil' trip
Make me believe that you're not just fool of lip
Make believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe

I'm not buying what you say
And quit with all the lies you tellin'

Make me believe
Why you want me over, another Casanova
Make me believe
Now I'm gonna show you while I'm messin' with your
head

[Fading Out]

Make me believe
Why you want me over
Make me believe
Another Casanova
Make me believe
Now I'm gonna show ya while I'm messin' with your
head...
