Nobody else can see you the same way as myself  
Fly high and touch the sky, you're the angel I adore  
If only you could feel for me that I feel for you  
Why do you ignore me, angel, why can't I go with you  
You're an angel witch, you're an angel witch  
You're an angel witch, you're an angel witch  
The more love I feel for you, the more you fade away  
Why can't you come and love me, do I have to stay this  
way

I'm going to go insane if nothing happens soon  
I look out at the night to see your shadow by the moon  
You're an angel witch, you're an angel witch  
You're an angel witch, you're an angel witch  
Walk through the forest I can feel that you're there  
Why do you run away?  
I'd never hurt you, I'd never hurt you  
That's the last thing I'd do  
You're an angel witch, you're an angel witch  
You're an angel witch, you're an angel witch
