Forty, has got you turning green.
You talk too loud, and you run around all night.
You tell lies, but your eyes don't show it.
I've had enough, and I think you know it.
You better change your ways,
Or I'll change my mind.

Chorus:

'Cause don't you know you could lose,
Yes I said you could lose me.
You could lose, yes I said you could lose me.

Lately, you dress to cause a scene,
In a fashion race, with a passive look on your face.
You shade you hips, 'cause you like to show.
A little smile, just to let them know it.
You better listen close, to what I have to say.

Chorus:

'Cause don't you know you could lose,
Yes I said you could lose me.
You could lose, yes I said you could lose me.

Well I think I told you,
That I want to hold you.
But I can't afford to, let you walk away.
'Cause my heart is achin',
I can feel it breakin',
From the love you're takin'.
I'm not used to feeling like I do.
Anyway, every day after day,
Though you said you would stay,
Can't you see what you're doin' to me?

Solo

Don't you know you could lose,
Yes I said you could lose me.
You could lose, don't you know you could lose me.
Yes I said, you could lose, don't you know you could lose me.
You could lose, don't you know you could lose me.

Yes I said, you could lose, don't you know you could
lose me.

You could lose, don't you know you could lose me.
