These clouds outside my window
And tears are falling, I can't remember
Somehow I let you walk away from me
Once somebody told me
You'd leave me lonely, I didn't believe it
You'd flap your wings and fly up in the winds

I cried longing for you in the night
My heart is out the line
Wont you try to see
Your destiny is calling for you desperately

Bring me your everlasting love
Bring back sweet joy the way it was

Tear stayed on my pillow
A wishing willow
His lost emotions
Looking for one more night to slumbering
I tried, but it doesn't seem right
I write it on a letter
Two endless story, where it should begin?

Blue skies show me where the hands are lied
Cos rainbows hardly find
Can it ever be
The way that we loved each other endlessly

Bring me your everlasting love
Bring back sweet joy the way it was
Bring me your everlasting love
Bring back sweet joy the way it was

And so the story goes
To help you up and live
To face the world that's nowhere--oh alone

Bring me your everlasting love
Bring me sweet nights the way it was
Bring me your everlasting love
Bring back sweet joy the way it was...
