Ooh, oo-oo-oooh

Yeah-ay-ay-ay

There's someone on my mind tonight
I don't know where he's coming from
I hope i'm not just making this up

(huh...)

I've got good intuition
Not one for superstition but when
It comes to loving somebody
I'll believe most anything
Cause i long for my heart to share a love everlasting

I wanna love somebody
I wanna love somebody
Someone to climb to heaven with me

Ooh... hoo, oo-oooh...

I wanna love somebody
Yes i'm gonna love somebody
Someone who wants to love only me

Ooh... hoo, oo-oooh...

I'm walking on a thin line
I'm trying to believe that in time
Someone will dream about me all night

They say you just gotta wait
That love come with fate
But i know that there's a star made for everyone
And it's watching over me
If i could only see him, have him, hold him, know him

I wanna love somebody
I wanna love somebody
Someone to climb to heaven with me

Ooh...

I wanna love somebody
Yes i wanna love somebody
Someone who wants to love only me

(loves only me...)

Oh...

I wanna know his name
I wanna feel his pain
Cause once i love him it will be forever
And that's the way it could be
And that's the way it should be

Oh...

I wanna love somebody (i wanna love somebody)
I wanna love somebody (oh oh...)
Someone to climb to heaven with me

Love only me...

I wanna love somebody (i wanna love somebody)
I wanna love somebody

(oh oh oh...)

To heaven with me...

Love only me...

I wanna love somebody (i wanna love somebody)
I wanna love somebody
Til the end of time...
