You don't have
To cry, cry, cry, cry alone
'Cause I'll be right
By your side
To help you be strong
Baby, dry your eyes
Please be strong
I can pull these times
And help you hold on

I've been on standby
Waiting for your call
I'll catch any teardrop
Before one can fall

I'll never deceive you
The way others did
I've got what you need, girl
And so much to give

You don't have
(Don't cry, lady)
To cry, cry, cry, cry alone
I'll be right by your side
You've found a new home
Baby, dry your eyes
Please
You've got to be strong
Just hold, hold on

There's someone here now
Who cares about your needs
We'll make it somehow
'Cause I'll share your grief

I'm just here to fill you
With some good love
And bad times
I'm yours when you need me
Keep me close
I'll keep you warm all the time

You don't have to cry alone
Ooh , I'll be right by your side
To help you be strong
Baby, dry your eyes, hold on
'Cause I can pull you
Through these times
And help you be strong, yeah

You don't have to cry

Dry your eyes, please don't cry
You can be strong if you just hold on
Dry your eyes, please don't cry
You can be strong if you just hold on

Baby, dry your eyes

Dry your eyes, please don't cry
You can be strong if you just hold on
Dry your eyes, please don't cry
Oh

You don't have to cry alone
I'll pull you through these times
And help you hold on
Baby, dry your eyes, be strong
I can pull you through these times
And help you hold on

(6x):
Dry your eyes, please don't cry
You can be strong if you just hold on
Dry your eyes, please don't cry
You can be strong if you just hold on
