Oooh-Yeah

You had a good girl and you lost her  
Good wasn't good-good baby

O-h There's sure a God in heaven  
And angels watching over me  
Cause they hear the cries and the moans of the  
desperate  
Looked down and rescued me  
Cause  
You had all the good lines and the good times  
All the friends and money you can spend  
All the power and success aw but never again!

You had a good girl and you lost her  
Good wasn't good enough for you naw!  
You had a good girl and you dogged her  
You pushed her in the arms of someone wonderful and  
new

You think you're slick and you've gotten over  
But baby don't you be no fool  
All of the dirt that you've done undercover  
Backfired! The last laugh is on you  
You better take a good look at the good book  
You got a hard lesson to learn  
I've got a new life and a new love  
And it's my turn-yeah

You had a good girl and you lost her (ooh)  
Good wasn't good enough for you naw!  
You had a good girl and you dogged her  
You pushed her in the arms of someone wonderful and  
new

Oh yeah  
You had a good thing baby  
You had a good girl  
Good-Good-Good-Yeah!

I've got a new life and a new love  
And it's my turn-yeah

You had a good girl and you lost her  
Good wasn't good enough for you  
You had a good girl and you dogged her  
You pushed her in the arms of someone wonderful and  
new
