Today you told me you're leavin'
You see that I'm grievin'
Still you turn and walk away
I can see in your eyes
That direction is changing
We're slowly parting ways

You're right
When you say
This is wrong now
You're leaving today
Don't turn back
Don't cry
I'll remember you
Remember you

I guess it's only a new house
And only a new car
New friends
New job
New hairstyle
Do whatever it takes
And pay whatever you pay
As long as it blocks me out

You're right
When you say
This is wrong now
You're leaving today
Don't turn back
And don't cry
I'll remember you
Remember you

So go out and you have fun
I'm aware, we're still so young
Just forget about my smile
Don't turn off your mobile phone
We can talk when you're alone
Just rings out, it must be on silent
Yeah, and so is your heart

You're right
When you say
This is wrong now
You're leaving today
Don't turn back
And don't cry
I'll remember you
Remember you
Remember you
Remember you
