White walls and empty hall ways,  
Nine o'clock it's my wake up call,  
Drip drip what a sinking feeling,  
Tick tock tick tock now it's time to go,  
Are you scared cuz I'm not baby,  
We're just not built to last,  
There's an end to every story,  
Bye bye flash flash it goes so fast

CHORUS

So when I fall asleep tonight,  
Could you stay and hold me tight,  
And could you pray that I'll be with you tomorrow,  
Cause the pain is gripping me,  
And the drugs are as useful as a song,  
Soft November rain washes me away

VERSE

Do you believe in fallen angels?  
Stay here and wish me well,  
Do you believe we live forever?  
Or lie, die we're going straight to hell,  
I'm close but you'll get closer,  
Stay clear and think it through,  
Cash cash it turns to paper,  
When you're six foot down,  
It's kinda hard to use

CHORUS

So when I fall asleep tonight,  
Could you stay and hold me tight,  
And could you pray that I'll be with you tomorrow,  
Cause the pain is gripping me,  
And the drugs are as useful as a song,  
Soft November rain washes me away

Hold me now as I fall to sleep,  
I'll meet you in your broken dreams,  
Stay here now as I fall to sleep,  
I see the light it's taking me away,  
Will you remember me?

Remember me...

So when I fall asleep tonight,

Could you stay and hold me tight,  
And could you pray that I'll be with you tomorrow,  
Cause the pain is gripping me,  
And the drugs are as useful as a song,  
Soft November rain...

Yeah... the pain is gripping me,  
And the drugs are as useful as a song,  
Soft November rain washes me away

Mmmmm...

Yeah...
