I'm staring at the wall  
But I see your smile  
I'm thinkin 'bout the way  
That you look tonight  
I wanna show you off  
To all my friends  
I wanna play along  
When you pretend

[Chorus]  
Cause all I've got  
Is you girl x3  
Yeah, but not tonight

I'm thinkin 'bout the way  
That you turn me on  
I wanna write your  
Favourite punk rock song  
I love the way you  
Dress and do your hair  
I love it how  
Your hardly ever there

[Chorus x2]

And suddenly Your here  
And by my side  
Bot only for one night  
Cause I'll be gone tomorrow

Yeah and suddenly your down  
And by my side  
But only for tonight  
Cause I'll be gone tomorrow

Cause all I've got is you girl x2

[Chorus x3]
