Stop me now I beg you  
Help me learn to cope  
Running wild, I breathe  
Losing sense of hope  
You flood my mind  
As I lay to sleep  
My dreams of you  
My love I'll keep  
Living truth I give  
Faithful love I hold  
Dreaming of you and me  
A life of solid Gold

Wanting you is my greatest pain  
Loving you is keeping me sane  
All for you I give my heart  
A living hope we shall not part

Never have I felt  
The way I feel for you  
A love that means so much  
A devotion through and through  
You say you love me  
But there will always be a fear  
That somewhere, somehow  
Betrayal's lurking near  
I see fire in your eyes  
Feel hatred in your heart  
Never should I feel that way  
Be trapped amidst the dark

Wanting you is my greatest pain  
Loving you is keeping me sane  
All for you I give my heart  
A living hope we shall not part

Nothing more to say  
Nowhere else to go  
Nothing else to prove  
Nothing left to show  
My job here is done now  
though dues were never paid

I don't expect your love  
But all I'll do is wait.  
Someday down the road  
you'll understand my piece  
You'll know how much I love you  
and how you cared the least

Wanting you is my greatest pain  
Loving you is keeping me sane  
All for you I give my heart  
A living hope we shall not part
