Vs-1)

If you've started a journey  
Down a long dusty road  
If your heart's been searchin'  
For a place to call home  
If sin and affliction ooooh  
Has lead you to grieve  
My friend be encouraged  
By these words that I speak

Chorus

Be not you weary  
While on this journey  
For you will reap  
If you faint not  
If dark clouds should rise  
And thunder roll  
Look to the Master  
For He's in control

Vs-2)

If heartache and trouble  
Is all you've known  
Peace and contentment  
Has left you alone  
But there's One who's waiting (waiting)  
With His arms open wide  
And He gently whispers  
Heed these words of mine

Chorus

Instrumental

Repeat Chorus

Look to the Master for He's in control.
