Try and put your arms around a hundred year old tree  
Or climb up on a horse, and let it run full speed  
Or take a look down at the world from thirty thousand  
feet on your next flight  
Go watch a flock of birds, against the morning sun  
Close your eyes and listen to the river run  
Or catch a firefly in your hand or a raindrop on your  
tongue  
That's right

There is a God,  
There is a God,  
There is a God,  
How much proof do you need?

Plant a seed and see what comes out of the ground  
Or find the heartbeat on your baby's ultrasound  
Put a few years here, and don't it sound like a song?  
And stop and think about what you don't understand.  
Things like life and love, and how the world began  
And the doctors say they can't explain this, but the  
cancer's gone  
There is a God,  
There is a God,  
There is a God,  
How much proof do you need?

The science says it's only circumstance  
Like this whole world's just an accident  
But if you want to shoot that theory down,  
Then look around, just look around

There is a God,  
How much proof do you need?  
There is a God,  
There is a God,  
There is a God,  
How much proof do you need?
