I'm thinking of you  
Every day, every night and every second  
I'm looking for your smile  
Among the crowd  
Here on Earth  
And there in Heaven  
I can't forget your eyes  
So dark and lonesome  
But burning everything  
From the inside

My Angel  
Come down from your sky  
Don't make me learn to fly  
'Cause I'm not ready yet  
To fly away

So I say Hi  
Crying so loud to the sky  
Please lie  
Lie to me you'll be tonight with me  
Say you won't let go of me

I can feel your soul  
So far and close  
So warm and cold  
And all alone

You'll always be for me  
Like that star  
That shines so bright  
But it's so far

My Angel  
Come down from your sky  
Don't make me learn to fly  
'Cause I'm not ready yet  
To fly away  
So I say Hi  
Crying so loud into the sky  
Please lie  
Lie to me you'll be tonight with me

Say you won't let go of me

My Angel

Come down from your sky

Don't make me learn to fly

'Cause I'm not ready yet

To fly away

So I say Hi

Crying so loud into the sky

Please lie

Lie to me you'll be tonight with me

Say you won't let go of me
