We are so close to Heaven
When we pray
We are so close to Heaven
Let me stay
Let me stay here
I want to be near
Fall to the Sky
For all future time
And I pray...

The stars are so bright in the night
I see the mysterious light
My Angel I hear your breath
You save me again
You save me again
You save me again from the tormenting death

We are so close to Heaven
When we pray
We are so close to Heaven
When we pray

We are so close to Heaven
When we pray

We are so close to Heaven
Fly away
Fly oh my soul
I lose control
Drinking the Word
Dead to the world
Fly away...

Reflections are melting in space
Confession evokes the grace
Tomorrow let be a new day
But now I feel
But now I feel
But now i feel
I have chosen my way

We are so close to Heaven

When we pray
We are so close to Heaven
When we pray

We are so close to Heaven
When we pray
We are so close to Heaven
When we pray
