Checked into the hotel
Belted flip tops say 'hi'
Can't shake this danger money
So hard I try
Miss sinister snake hips
Like some E Poe dream
In my ears lift muzak is ringing
I hear bellboys scream

But you looked so lonely there
You looked so lonely there
You looked so lonely there
When will I see you again?

It ain't clear thinking
It sure isn't love
It could be what ever it was I'd been drinking
That made me press 'up'
Well, I'd be a dead man
If looks could kill
'Cause at every corridore corner those bellhops
A stony vigil

Ah! The people don't know what's
Been going on inside
These hotel doors anyway!
