You know who calls them
The tattooed love boys
No losing sleep over the love boys
Living hardy and looking seedy
I'm no match, I'm pale and seedy

Lean on dreamtime ways
Work life power plays
Strong arm tactics with
Belief in myth
You don't compromise
You don't feel obliged
You don't understand
what makes a real man

Kings Cross cruiser
Late night bruiser
The tattooed love boys
The tattooed losers
She's ready for him
She's pretty pretty
He's pretty bent and
He's bashed her silly

You know who calls them
The tattooed love boys
No losing sleep
Over love boys
Work for nothing and
Nothing works
And they gonna get the
Feel of a prison shirt
